Force Application Joint Functional Concept

Bill Aldridge

Force Application Maneuver Division, J8

9 January 2007

Overview of Concept

- **Military Problem – Rapidly apply tailored, expeditionary forces to quickly establish full spectrum dominance across all battlespace domains – air, land, sea, space and cyber – to seize the initiative, swiftly defeat opposing forces and decisively win future conflicts.**

JP 3-0 changed battlespace to operational environment and established air, land, maritime, and space as domains

- **Scope – Apply force against large-scale enemy forces in the 2015 timeframe**

New timeframe – 8-20 years in the future

UNCLASSIFIED

Overview of Concept

- **Proposed Solution – Integrate the use of maneuver and engagement to create the effects necessary to achieve assigned mission objectives.**
